

TO WHOM IT MAY CONCERN:

This letter is my personal recommendation for Anthony Garlanger. Currently, I am Anthony's immediate supervisor and have been for several years. I find him to be consistently pleasant, tackling all assignments with dedication and a smile.

Besides being a joy to work with, Anthony is a take-charge person who is able to present creative ideas and communicate the benefits. He has successfully developed several programs for our company that has made a real impact to our daily department activities. During his tenure, we have watched Anthony grow from a help desk professional to junior developer.

Though he was an asset to our IT efforts, Anthony was also extraordinarily helpful in other areas of the company. In addition to writing effective training modules for remote sales associates, Anthony participated in traveling to remote sites to train and deploy new software/ hardware.

I highly recommend Anthony for employment. He is a team player and would make a great asset to any organization.

Sincerely,

Kimberly Schunke, IT Director at Rogers Enterprises Inc.
